

Behavioural recommendations in the event of an emergency/emergency reporting points/lighthouses

Where can I make an emergency call?

If there is a power outage throughout Euskirchen, it will no longer be possible to use your telephone or mobile phone to make emergency calls. For this reason, the fire department will immediately set up emergency call points where you can get help or make emergency calls.

Where can I get information?

If the power outage is not resolved within 12 hours, additional so-called lighthouses will be set up. There you will be able to get information about the current situation.

How long should my home supply last?

Everyone should stock up on food and essential supplies lasting for about ten days. The city of Euskirchen cannot supply people with water and food in the event of a power outage.
